Start of Block: Default Question Block

Q1 Where are you a student?

▼ I am a student at the University of Maryland College Park. (2) ... I am a student at the University of Wisconsin. (6)

---

Display This Question:

*If Where are you a student? != I am a student at the University of Maryland College Park.*

*Q2 The Doctoral Student Experience Study, supported by the National Science Foundation under Grant No. NSF 14-548, is being conducted by Internal Evaluator Dr. KerryAnn O'Meara and Research Assistants Dawn Culpepper and Gudrun Nyunt at the University of Maryland, College Park. The purpose of the study is to assess the development of graduate students as interdisciplinary researchers. The Doctoral Student Experience Study engages doctoral students and faculty at the University of Maryland, and a select group of students and program coordinators in peer research universities, in our data collection. We conduct an annual student survey, interviews and focus groups with students and faculty, document analysis of student CVs and curricular materials, and review application materials.*

*We ask participants to complete a survey, administered through Qualtrics, which is easy to access from a unique, email-delivered link and takes about 20-25 minutes to complete. The survey asks participants about academic and co-curricular activities they have been engaged in as well as for the submission of an updated curriculum vitae. The survey is administered once a year until participants graduate.*

*There are no known risks from participating in this research study.*

*Participants will receive a \$50.00 Amazon gift card per year for completing the survey. Other potential benefits to participating in the study may include contributions to knowledge and greater self-awareness of progress and growth as a student in a doctoral program. Students will be contributing to knowledge about doctoral student engagement and how graduate level researchers develop as interdisciplinary scientists. Once published, these findings can help research based graduate programs make strategic choices about activities, professional*

*development, and training for their students.*

*Data will only be seen by members of the research team. Any potential loss of confidentiality will be minimized by keeping data on a password protected computer and by summarizing data and presenting it in aggregate form so that no single individual, or their institution, can be identified. Once data have been aggregated all identifiers will be stripped and only kept by the internal evaluator for this project, Dr. KerryAnn O'Meara at the University of Maryland.*

*If we write a report or article about this research project, your identity will be protected to the maximum extent possible. Your information may be shared with representatives of the University of Maryland, College Park or governmental authorities if you or someone else is in danger or if we are required to do so by law.*

*You will receive a \$50 Amazon gift card per year for completing the survey. You will be responsible for any taxes assessed on the compensation. You will be contacted via email after you complete the survey regarding instructions for receiving the gift card.*

*If you will earn \$100 or more as a research participant in this study, you must provide your name, address and SSN to receive compensation.*

*If you do not earn over \$100 only your name and address will be collected to receive compensation.*

*Your participation in this research is completely voluntary. You may choose not to take part at all. If you decide to participate in this research, you may stop participating at any time. If you decide not to participate in this study or if you stop participating at any time, you will not be penalized or lose any benefits to which you otherwise qualify.*

*If you decide to stop taking part in the study, if you have questions, concerns, or complaints, or if you need to report an injury related to the research, please contact the investigator:*

**Q3 Language Science Doctoral Student Survey Participant Instruction** This questionnaire asks about your experiences as a doctoral student. We are interested in the role of specific educational and program experiences in supporting your learning and professional growth. The survey is not anonymous, because we would like to invite you to take the survey in subsequent years and track your experiences over time. However, reporting of survey results will be in aggregate, and your name will never be associated with your responses. This questionnaire should take about 20-25 minutes to complete. At the end we ask you to submit your CV. Thank you for your cooperation and participation!

Q5 As you consider the following questions, please note that by interdisciplinary, we mean a research problem or approach that draws on more than one discipline. Please consider your experiences in the last academic year. How present did you find these experiences in your doctoral program?

	Not at all (1)	Not much (2)	Somewhat (3)	To a good extent (4)	To a great extent (5)
Opportunities for students to share their research interests with one another (1)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Examples of what interdisciplinary problem solving looks like (2)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Team-teaching by faculty from different departments and/or disciplines (3)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Role models of interdisciplinary researchers and projects (4)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Opportunities to learn and practice new research skills (5)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Encouragement by faculty to collaborate with students and faculty from other departments or programs (6)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Opportunities and encouragement by faculty to contribute to	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

the development of my program (e.g. leading, designing events or activities) (7)

Opportunities to get feedback from peers on presentations, article drafts, grant proposals, etc. (8)

Opportunities to research problems that are different from what I previously read and wrote about (9)

Opportunities to work in fields that were previously unknown to me (10)

Opportunities to take courses in other departments (11)

Opportunities to learn and practice strategies for communicating with diverse audiences (12)

Opportunities to learn about the impact of research in my field on clinical

applications,  
industry, or  
public policy

Collaborate  
with other  
researchers in  
my field (8)

Work on  
research  
requiring new  
skills (9)

Be a leader in  
my intellectual  
community  
(e.d. by  
leading  
groups or  
activities in  
my lab,  
department,  
or schools)  
(10)

Explain how  
my research  
relates to  
research in  
other  
disciplines

Q8 A discussion network consists of individuals you talk with on a regular basis about your research and other academic pursuits. Individuals in your discussion network might provide moral support, feedback on ideas, information about opportunities and/or share projects. Please name the people you talk about research with and indicate how frequently you talk with them. Then please check if the person meets the additional characteristics noted (check all that apply) Please note we are only asking for names to help you keep track of members of your network. Names will not be reported in any way.

	Characteristics (check all that apply)						Frequency			
	Uses research methods different than those I typically use (1)	Outside my academic program (2)	Affiliated with another university (3)	Works outside of academia (4)	Student (5)	Faculty or postdoc (6)	About daily (1)	About weekly (2)	About monthly (3)	A few times a year (4)
